

August. 1878.

Friday, 1st. I milked the cow this morning and evening; I had to tie her both times.

I studied Grammar after I milked the cow untill breakfast.

I cut the little plot of grass before the house for the first time, after breakfast.

We had an examination in Grammar this morning, I think it was hard.

We had German this forenoon.

This afternoon we had to write a composition on, what I study, when I study. "I" "for" and we had a spelling match with the 2nd grade; our side beat.

After school I bought some candy for Charlie; and after that I looked at Bella's things that she got from her father. I had a little headache this afternoon.

I listened what father, uncle and Mr. Husmeyer had to say about Germany.

It was a warm day.

August 1843.

Saturday 2nd I milked the cow this morning and evening, tying her both times.

After breakfast I bought an squash melon from a chinaman, but which proved green when I eat it.

I swept the yard, and beat the carpets out this forenoon, taking it easy.

After dinner I raked a part of the big lot, and from six o'clock until about half past three I wrote my German lessons and translated it, filling a whole sheet of fool's cap.

I bought some grapes this evening and took some shears to Siebottle.

After supper I read. We had a fire this evening.

It was a warm day, with a cold morning and evening.

Sunday 3rd I arose early this morning and milked the cow, and after that dressed myself.

I spent the morning in reading and practicing writing the capital letters. My Uncle, Johannes German and myself

August 1893.

were going over to Woodward's gardens today but did not go, because we thought that Rowton was coming to day.

This afternoon I listened to what Uncle was saying mostly.

Father gave 50¢ today for doing some work, and I spent it in buying of Frank: 1 quize of fool scap for 25¢, 12, 303 pens for 15¢, and a pen wiper for 10¢ spending all the money I had.

William came before supper, and brought with him a box of peaches and three young corno which he gave to Johnnie's museum.

After supper father brought out his electric machine, and there we had to all stand in a row and caught hold of each others hands, and those at the end took hold of the machine; but we could only feel a little electricity. Afterward we were all seperately electricified; I was electricified three times, and I could only feel it in the arms, but there I felt it hard enough that I had to tell them to stop; it felt as if my arms were swelling and was

August 1873.

pulling the flesh from the bones. It was a moderate day it being cold the most of the forenoon and evening.

Monday 4th I milked the cow this morning and evening.

After breakfast I went to the grocery store.

We had Arithmetic, Analysis, Grammar and writing spelling this forenoon and this afternoon we had History and Physiology. After school I read.

After supper I went to the post office.

Harvey Bundell came this evening and then South America was talked about.

It was a very cold day.

We played black man at noon.

I went to bed 10.30 this evening.

Tuesday 5th I milked the cow this morning and evening.

I studied History and Physiology before breakfast.

We had Arithmetic, Analysis, Grammar and writing spelling this forenoon. We played

Aug. 1873

81

foot ball, at recess and noon.

I eat half a dozen apricots today.

We had History this afternoon and school was let out at 2 o'clock.

Ditty Head was sent from school today for growling because the teacher would not tell who was put back.

I went to the dentist this afternoon, and he brushed my teeth.

I took down the clothes line, and filled the barrel in the hothouse.

I wrote specimens of my writing, this evening, to be compared with one of Mr. Clure's boys.

I done my examples before supper.

It was a pleasant day.

Wednesday 6th I milked the cow this morning and evening.

I studied History before breakfast.

I played foot ball today at school.

We had arithmetic between morning and recess, but Mr. Brooth was out of the room; we had Analysis.

Grammar, and writing spelling after recess.

This afternoon we had History and Physiology.

After school I went to the post office and dry goods

August 1873.

store but got the wrong thing
so I had to go back again.

I looked but examples of latin
suffixes untill supper and
the whole evening.

I done a few examples in
Arithmetic.

It was a very warm day.
Thursday 4th I milked the cow this
morning and evening.

I studied History and Physi-
ology this morning.

Frank Seelis came this morning
and I read it after school.

We had Arithmetic, Analysis,

Grammar and writing Spelling
this forenoon, and this afternoon
we had History and Physiology.

I played football today;
had splendid fun.

I went to the post office after
school.

Mrs. Burdell and Jansie, and
Mrs. Walton, came this afternoon.

We are going to have an exami-
nation tomorrow in Analysis,
so I wrote down all the names
of the prefixes and suffixes in
Latin on the examination paper.

August 1873.

It was a very warm day.
Friday 8th I milked the cow this morning and evening.

I played foot ball at school today.

We had an examination in Latin Prefixes and suffixes, it was hard.

After recess we had German, there are only three in the class now.

This afternoon we had to write a composition on Early Recollections, I think it was very easy.

After that we had to add up our reports.

Before school was out we had to go up to the teacher, and he told us our reports, mine was 70 credits or 70%.

After school I sat on the porch with father, uncle and Frank.

I went to the bakery before supper.

I went to the post office, after supper.

It was a very delightful day.

Saturday 9th. I milked the cow this morning and evening.

After breakfast I swept the yard and beat out the carpets.

This afternoon I went with Frank and uncle down to the yard bridge, and Frank tried

August 1879. A.
 his Spencer rifle and pistols.
 and I got nearly all the
 empty cartridges, and gave nearly
 all of them to Charley.
 I raked a part of the barn
 yard. After supper I went
 with uncle and Mr. Husineyer
 to the boot store, and after
 that I went with Husineyer
 over to Clorshouse, and stayed a while
 I bathed tonight.

It was a warm tonight. day.
 Sunday 10th I got up before the others
 this morning, put on my old clothes
 and they milked the cow, after
 that I put on my Sunday
 clothes. We went over to Woodward's
 gardens today.

Uncle, Johnnie, Herman, and
 myself took the 9.10 train and
 arrived at San Francisco at
 10 o'clock. Before we went, father
 gave us each 50¢.

We walked along a little
 while, and then took the
 horsecars for the gardens.
 We just looked at the bears
 and birds on the hill, then
 we went into the house where

August 1893

the stuffed birds and animals are kept. We next went into the tropical houses, then to the picture gallery, and then seen the sea lions.

We then went into the beautiful aquarium, ~~which~~ ~~are~~, then we seen the infant wonder, which is a baby 6 months old weighing 3 lbs.

We then seen the beaver, alligators, and birds, and vampire.

After that we went into the menagerie where all the animals are kept, afterwards we went into the skating rink and seen them skate. afterwards they acted, and we seen the Buisley family act.

The last performance named the Pantomime doctor was laughable. after that we had some sand nicks. We then started for home.

we took the horse cars untill Dupont street and we walked to the boat, we arrived home at 6 o'clock, and then I milked the cow.

I was electricified with the machine this evening.

It was a warm day.

Mr. Glor came this evening.

August 1873.

Monday 11th I got up before 6 this morning and milked the cow; after that Mr. Kusmer and I cut Mr. Glos plot of grass.

I studied history before breakfast. I went to the post office after breakfast.

We had Arithmetic before recess in simple interest.

After recess he gave us a lesson in Analysis, and Grammar.

This afternoon we had writing, spelling, Physiology, and History. Mr. Broatt occupied a great deal of time in telling the effects of smoking and drinking this afternoon.

I spent the afternoon in listening what was said of South America by uncle, father, and Frank.

After milking I went down to Barnes for Charley, and then bought some bread tickets.

I studied Arithmetic, Analysis, Spelling & Physiology this evening.

It was a warm day.

August 1873.

Tuesday 19th I milked the cow this morning and evening.

I studied History and Physiology, before breakfast.

We had Arithmetic, Analysis, Grammar and writing spelling this forenoon. I studied Physiology at noon. This afternoon we had History and Physiology; we had writing before school was out.

After school I read the papers.

After supper I studied History, Arithmetic, Analysis, Spelling, and Physiology.

It was a warm day.

Wednesday 19th I milked the cow this morning and evening.

I went to the bakery this morning. We had Arithmetic before recess; we review percentage. After recess we had Analysis, and Grammar. This afternoon we had writing spelling, History, and Physiology; and he told us some health aphorisms.

After school I wrote a petition to the teacher requesting him to discard the system of marking misspelled words in examinations; it was composed by D. Berchard.

August 1873.

After that I took a wheel barrow load of boards to our house on Franklin, on 10th street.

After supper I opened the holes around the trees on the east side of the block, on the west, and in the big lot.

I cleaned out my drawer of my tools this afternoon.

It was a moderate day. I studied physiology at noon today.

Thursday 14th I milked the cow this morning and evening. After breakfast I went after "Frank Leslie's boys & girls" and read "Jack Starbuck among the brigands," until school time.

We had Arithmetic, Analysis, and Grammar this forenoon.

I studied History at noon time.

We had writing, spelling, History and Physiology this afternoon.

I studied Physiology and read Josephine. Bella and I made a bet this that there was a letter for us our own selves in the post office for there was a letter there.

Josephine won the bet which was a postal card from each of us.

I studied the review of Physiology to the 58th page this evening until

August 1873

Friday 15th about 10 o'clock. It was a pretty warm day. I milked the cow this morning and evening.

I studied Physiology before breakfast. Before school was in, nearly all of the first grade scholars got together and studied Physiology. We had an examination in Physiology this morning; we had ten questions. We had German after recess. This afternoon we had to talk about something; and as I didn't think of anything else, I talked about how I came near being drowned at Fort Ross. I went to the grocery store this afternoon. After supper we were all electricified. Father made the music box play this evening. It was a moderate day.

Saturday 16th I milked the cow this morning and evening. Before breakfast I swept the summer house, and raked a part of the stable yard and a fire. After breakfast I swept the yard. At 10 o'clock I took a valise down to the depot for Mother and Charley, who are going to Cloverdale. After that I cleaned the carpets and my clothes. We + Uncle, Johnnie, Herman.

August 1873

and myself went to see the boat race in lake Merrit; we seen only two races, and the same one beat both times.

I met Guy Carl there.

After that I went to the Post office.

Before milking I went to the bakery. I have a slight head ache. I seen Ship Fleming home and took Jeff home.

It was a nice day.

Sunday 17th I milked the cow this morning and evening. I'm putting on my shirt, the button came off at the neck; I made Josephine sew it on; after she had gone down, the button came off again so I had to sew it on. I was going to church this morning but our seat was taken; so I came home and spent the time in fixing a lock on a drawer of a bureau that I am going to keep my things in.

I spent the afternoon in reading and sitting around, and exercising with Johnnie's dumbbells which he had got this morning for one of his coons.

Theodore Hardwig came this evening. It was a warm day.

August 1879.

Monday 18th I arose half past five this morn-
ing, milked the cow, and studied History
and Physiology.

We had Arithmetic, Analysis, Grammar
and writing spelling this forenoon,
and this afternoon we had History
and Physiology. I stand in a few
minutes after school to do some exam-
ples.

After school I read the papers most-
ly. I milked the cow this evening.

I studied History, Physiology, and
Analysis this evening.

It was a moderate day.

Tuesday 19th I arose half past five, milked the
cow, and then went to the bakery.

I had my report signed before breakfast,
I was rank 19. and 70%.

We had Arithmetic, Analysis
Grammar and writing spelling
this forenoon, and this afternoon
we had History and Physiology.

I went to the dentist after school
and had to wait until 5.30 and
then he cleaned my teeth. After
that I milked the cow.

I studied History, Physiology, Analysis,
Grammar and Arithmetic this evening.

It was a pleasant day.

August 1873.

Wednesday 30th I got up half past five this morning and milked the cow.

We had Arithmetic, Analysis, Grammar and writing spelling this forenoon, and this afternoon we had History and Physiology.

I copied some examples into my example book after school.

I went to the post office after supper and got a letter from mother in Cloverdale; after that I went up town and got a pattern book for Josephine.

I studied History, Analysis, Physiology, Grammar and Arithmetic. It was a cloudy day.
