my dear Marion
I went to write on your arrival
but as I had just written to
all the others I thought I would
write after seeing Corina
They arrived yesterday afternoon
both looking very well & seemed
to have enjoyed every minute
& full of Stuart's baby. Saw Bernice
& said she was looking very well
Eileen is not coming out this
year. I have just heard that Inez
King had to fly to England
as Edna is in trouble with her
married life & is getting a divorce
Poor Inez. The second one in the family
I have just received a very nice
letter from Carmucha telling me of
her trip & a thanks from all of them
for the present. I must say the little
boys in the photo puzzled me & thought they
must have had a mother. Your grandchildren
are very nice looking. The weather
has been simply awful. No sun
rain & fog. I haven't been to town
for ages. I'll have to go tomorrow

as the dreamer came out of my ring & gave up
every thought of ever finding it again. I was
sitting down in the W.C. when I saw it on the
floor wasn't that lucky!! I felt I ought to
buy a lottery ticket. as my head is just
above water that makes me think of poor
Christine Keeler when she fell in to the water
& was found bobbing up & down under
a pier!! I am afraid I will never have
such luck. I have been playing a lot of
bridge I suppose you will start your
lessons again. I wish you would tell me
what Betty is going to do if it is true that
the place is sold. I hear the Americans
are out looking for land I think they
are going to get it in the neck over the
oil that is if Elia gets in. I was very worried
when I heard about the sinking of the boat from
Montevideo as I thought Mary & Gary might be
on it. but they came over the night before
Will its time for Airsta. love to all.
