My dear Malcolm.

Here I am in England again\_ & will see you in a week's time. We didn't go up to see you this week end because I am not feeling very fit. I hurt my knee playing deck tennis on board & can't walk about very much however it will soon be all right. Corina is quite a young lady compared to what she was two years ago when I saw you both last: she hurt her knee yesterday playing games & is limping about with it bandaged up. Charles looks well. Moyra not so well she is just getting over a cold. We ran across one of the Miss Bradnack's this morning out walking with some boys. she asked all about you. I was pleased to get your letter at Las Palmas & to hear that you have had a remove. I am anxious to see you & hear all about Stowe. Molly is here with us. we all went out for a long motor drive this afternoon. it is not as cold as it was here two years ago. thank goodness. Mum & I are going to London on Thursday & will be at the Knightsbridge Hotel until Saturday when we will go to Buckingham to see you arriving there at 12-49. if you can't meet us. tell me where to go to find you. I suppose you can get Saturday afternoon & Sunday off. |to be with us & book a room for us for Sat. night

With love from us all. Dad.
